

SECOND ANNOUNCEMENT

7th Coordinated Working Group Meeting

IPP Greifswald

Jun. 30th – Jul. 2nd, 2010

Dear Colleague,

this is the final announcement for the 7th CWGM.

The meeting will be held from Wednesday 09:00 (CEST) until Friday 12:30 (CEST). Meeting rooms for specialist session (Friday afternoon) can be provided upon request.

We are pleased to announce that contributions to the fields

- H-mode in Stellarators/Heliotrons (Hirsch)
- Equilibria (Geiger, Suzuki)
- Impact of Magnetic Islands, Iota and Shear on Transport and Confinement (Narushima)
- Validation of Transport Models (Maaßberg)
- Edge Turbulence Database (Nold, Ramisch)
- High Beta Physics, MHD database (Funaba)
- Global Confinement and Tokamak Stellarator/Heliotron Comparison (Dinklage)
- Discussion of Joint Experiments (Yamada)

will be given in the 7th CWGM. This list is subject to specifications, still. Please contact us or any of the contact persons in the list above if you have any query.

Details on logistics (incl. instructions for remote participation) and updates can be found on the website

<http://www.ipp.mpg.de/~dinklage/CWGM7/>

Please contact Ms. Maria Dietrich (maria.dietrich@ipp.mpg.de, +49 3834 88 2508) for bookings etc.

We are looking forward to seeing you in Greifswald!

Andreas Dinklage
